ABOUT US

ROI-Focus Global (Pvt) Ltd, trading as **ROI-PROJECTS**, is a Zimbabwean registered Engineering & Construction Company. We are based in Hillside, Harare. **ROI-PROJECTS** specializes in the custom design, manufacture and installation of Steel, Aluminium, Glass and Joinery

ROI-PROJECTS was founded in 2014 & has been a key player in the Steel, Aluminium & Glass ever since. In keeping with current design and construction trends, **ROI PROJECTS** works with designers and architects who are well trained and are specialist in their field of operation. (The real History of the company can span for over 20 years as it was a family trade that generally was officially registered around 2014.)

Aluminum & Glass for Residential & Commercial Solutions

We Design, Manufacture & Install (One of our directors worked on this property in the USA, Boston, Massachusetts, in 2018.)

State of The Art Renovations

OUR PRODUCTS & SERVICES

Aluminum windows & doors offer many attractive benefits to those planning a new home, office complex or retail development. Aluminum is not only durable and virtually maintenance free, but also hugely flexible because of the variety of profiles, styles and systems available. In fact, aluminum windows and doors offer almost unlimited creative options for designers and architects in both the residential and commercial sector.

ROI PROJECTS manufactures a range of aluminum windows and doors including, amongst others, sliding, fixed pane, sash, top hung, side hung and cottage pane aluminum windows to suit almost any architectural style. Our aluminum doors include hinged, sliding and sliding-folding doors. In addition, we also design, manufacture and install custom windows and doors, giving you the added benefit of an affordable and practical concept-to-completion service. Aluminum windows and doors are a highly attractive and low maintenance option for almost all applications, both residential and commercial. In addition to manufacturing and installing, we also offer a convenient same-day remove and fit service for those wishing to switch from wooden or steel frames!

Aluminium Windows:

- 30.5mm casement windows,
- 38mm casement windows
- Horizontal sliders,
- Vertical sliders,
- Pivot windows,
- Tilt-and-turn windows.

- Repairs and Refurbishments
- Fix and Supply
- Thorough Inspections by Management
- Fix on site

Aluminum Doors:

- Hinged doors – Single,
- Hinged doors – Double,
- Hinged doors – Stable,
- Sliding doors – Standard Patio,
- Sliding doors – Heavy-Duty Galaxy,
- Sliding-folding Doors.
- Stable Doors

Shower Cubicles:

We also offer a wide range of framed and frameless shower enclosures made using safety glass. These include Tri-glide, Corner entry and Pivot. We will also manufacture side panels to your requirements.

Shop-fronts

Are manufactured in a variety of styles for both internal (within shopping centers and retail complexes) and external applications. Shop-fronts typically combine fixed glass panes with sliding, folding or hinged doors, as well as various window options.

STEEL SOLUTIONS

We manufacture all kinds of metal products including sliding gates, tanks stand, garage doors, palisade fencing and custom products. If you need installation of sliding gates, automated gates, security screens or any metal products you name it. Our team is highly skilled to do the job.

Pergolas and Roof Structures

Verandah Screens

Palisade Fences

Welded Steel Security Screens

FRAMELESS

Whether you are planning to build a new home, revamp your entrance hall or give your bathroom a facelift, Roi Projects will design, manufacture and install frameless glass features to meet your exact needs! We offer of a concept-to-completion service, including the design, manufacture and installation of frameless glass structures, makes it a popular choice for both architects and home owners who want to add a design feature to their home. Frameless glass doors, in particular, add a timeless appeal and will add a slick, modern and sophisticated look to almost any space in your home. And if you have an idea and are not sure whether it can be done, call us to find out if we can help you bring your ideas to life!

Some of our more popular frameless products include:

- **Entrance doors** may make an appealing feature on your home, especially if cast in glass, without a frame on the opening panel; we can produce single, double or pivot doors,
- **Balustrades** made of clear glass to the right specification and thickness make a very attractive feature of a staircase or landing and are also perfectly safe for use in your home,
- **Showers** made from frameless glass are very popular amongst discerning home owners who want a slick and elegant design that requires minimal cleaning and maintenance,
- **Internal glass partitioning** provides an attractive and effective means to partition living or work areas without cutting out light, or making the area appear smaller or confined.

JOINERY

For an elegant Homestyle with beautifully designed built in Kitchens and Wardrobes.
